Client Spotlight

Department of the Navy, Office of Naval Research (ONR)

BCS Allegiant delivers expert engineering, management, analytics, IT, and administrative support across all S&T domains, optimizing operations and driving innovation in next-generation warfare technologies. As a trusted partner to ONR Code 35, the Naval Air Warfare and Weapons Department, we provide hands-on expertise to advance research and development 10 to 30 years ahead of operational deployment. Our work spans Fixed and Rotary Wing Flight Dynamics/Control, Airframe Structures/Materials, Aerodynamics and Hypersonic Weapons, Directed Energy (DE) and Counter-Directed Energy Weapons (CDEW), Intelligent Autonomy, Fires, Guidance, Munitions, and critical Future Naval Capabilities (FNCs) and Innovative Naval Prototypes (INPs). Our approach ensures mission success through streamlined execution, precision-driven analytics, and strategic foresight.

Certifications

BCS Allegiant values ongoing professional development and recognizes the importance of keeping up with industry standards and best practices in order to best serve our clients. Our team holds leading professional certifications, ensuring that we bring cutting-edge expertise and compliance-driven solutions to our clients.

Contract Vehicles

- OASIS+ (M&A) Small Business
- OASIS+ (R&D) Small Business
- SeaportNxG
- GSA MAS
- DOE TEPS BPA

In addition to those listed above, BCS Allegiant utilizes direct award pathways through Joint Ventures for efficient, accountable, and expedited procurement.
